

VOTE IS WORD OF PRESIDENT TO ALL WOMEN

Combines Appeal to D. A. R. Congress Warning Against Departure From American System of Government

ONLY HALF BALLOT

"Every Voter Ought Not Merely to Vote, But to Vote Under Inspiration" to Serve Nation, He Declares

Washington, Apr. 14.—An appeal to the women of America to exercise their newly gained right of suffrage in the November national election was made by President Coolidge in an address tonight before the 23rd Continental congress of the Daughters of the American Revolution.

The President combined with this appeal a warning against departure from the American system of government providing for co-ordinate legislative, executive, and judicial authority and for government by the majority.

"The American people," the President declared, "may well be summoned to the preservation, the guardianship, and the gradual perfection of this system of government which assures to the people 'equality against the tyranny of any despotic executive and the tyranny of any despotic legislature.'"

Pointing out that American women this year for the first time are able to know long in advance of the national elections that they are to have the right of the ballot, Mr. Coolidge asserted that the country wants not only the vote but the influence of its women in the coming election.

Best Government Yet Tested.

"Every voter ought not merely to vote, but to vote under the inspiration of a high purpose to serve the nation," he continued. "It has been calculated that in most elections only about half of those entitled to vote actually exercise their franchise."

Popular government is facing one of its difficult phases of the perpetual trial to which it always has been and always will be subjected. It needs the support of every element of patriotism, intelligence and capacity that can be summoned.

"Here in America we are living under a form of democratic republicanism which I profoundly believe to be the best that has yet been thoroughly tested. I say this because our system has come far in carefully separating the different departments of the government. . . . In the development of popular institutions, the legislative and executive authorities were divided. . . . But not until the founders of our republic had made a further distribution and differentiation of functions was popular government assured the opportunity to prove its case. When the judicial function was set apart and made the third independent but co-ordinating factor in the form of government the scheme of a perfect democratic republicanism was for the first time presented to the world. This was the great contribution made to the founding fathers in our country."

By virtue of it, the people are assured equal rights against the tyranny of any despotic executive and the tyranny of any despotic legislature. Nothing of them, now both of them together, might thereafter impose a lawless will upon a defenseless people.

SENATE RESISTS

Edge, New Jersey, Raids Democratic Side by Speech Endorsing President's Action

Washington, Apr. 14.—Administration senators were again in a fighting mood today in resisting the Pinchot-Haney onslaught at Secretary Mellon by way of the internal revenue bureau investigating committee.

Throughout Senator Watson, Republican, Indiana, committee chairman, gathered new support from confederates with President Coolidge and Mr. Mellon, while Senator Edge, Republican, New Jersey, raided the Democratic side with a prepared speech endorsing the President's action in the controversy.

The challenge was taken up promptly by Senator Nelson, Democrat, Ohio, who in his long and forceful speech, charged that the three-committee political combat that has come out of the President's special message to the senate last week on the investigation with Secretary Mellon regarding the storm center.

D. & H. SUBSIDIARY FILES PAPERS OF INCORPORATION

Albany, Apr. 14.—Incorporation papers were filed with the Albany county clerk today by the Capital District Transportation company, a subsidiary of the Delaware and Hudson Railroad and United Traction companies, formed to operate trolley and buses. The new corporation will operate trackless trolley cars in Cohoes and later a new trolley line in Remond.

The papers indicated the corporation was organized to operate in any and all communities of the state and particularly in Albany, Rome and Saratoga counties, stage and omnibus routes.

"We must aim to improve upon each other the individual duty to be a sincere student of public problems, in order that they may rightly render the service which their citizenship exacts. But after all, good citizenship is neither intricate nor involved. It is simple and direct. It is every-day common sense and justice."

"As it is the position of America, which made mankind's progress, we must make our contribution to the world. I have confidence that if America is so equipped with fair, cooperative and constructive deliberation, that what is right as they best judgment will be right, and the right will prevail."

AMERICAN LEADS WORLD

"The possibility of such a state of affairs, we must require that we are entitled to do so. . . . We must be sure that they are not only trained and equipped to do the job, but that we must have the best of men, women and children, the best of the human race, to do the job."

ACCUSED OF STRINGING UP BOY BY HIS FINGERS

Boston, Apr. 14.—Accused of stringing up four-year-old William McEgan by the thumbs and beating him black and blue, Mrs. Ruby Williams was arraigned in the Charlestown court today on a charge of assault and held in \$2,000 bail. The boy was reported in a critical condition at a hospital.

A police sergeant testified that the woman, with whom William was boarding, had driven a nail in the wall and lashed the boy's thumbs to it so that he had hung several inches from the floor. After the beating, the officer said, she left him suspended for several minutes.

THAW DECLARED SOUND OF MIND

13-Year-Old Son Intervenes Because of Anticipated Interest in Fortune

Philadelphia, Apr. 14.—Harry K. Thaw was declared of sound mind and sane to manage his affairs today by Dr. Charles K. Mills, veteran alienist, in testimony at the opening of the jury trial to determine whether Thaw has regained his normal faculties.

Thaw's 82-year-old mother, Mrs. Mary C. Thaw, who joined in the petition for the trial, was in the courtroom when Dr. Mills made his assertion.

The trial was marked by the intervention of Russell William Thaw, 13-year-old son of Evelyn Nesbitt, Thaw's divorced wife, which was permitted after Judge Monaghan had appointed one of Miss Nesbitt's counsel as guard for the boy. Anticipatory interest in Thaw's estate was given as the basis for the intervention.

Counsel for the trustees of the Thaw estate, in questioning Dr. Mills, revealed that records of the Pennsylvania hospital for mental and nervous diseases, where Thaw has been confined since 1917, show that Thaw kept a number of pet rabbits there, which he was reported at various times to have slapped, thrown around and even bitten until they squealed in pain.

Dr. Mills said he did not think such conduct unusual. "He treated pets as some people treat them," was the alienist's comment.

SENATE CALLS VEILED THREAT OF AMBASSADOR

Vote of 76 to 2 Decides Fate of Legislation Seeking to Legalize 'Gentlemen's Agreement' With Japan

Washington, Apr. 14.—The senate answered Ambassador Hanthorn's protest against the Japanese exclusion legislation today by voting, 76 to 2, against the recognition of the "gentlemen's agreement" with Japan on the immigration question. This action is preliminary to adoption by the senate by an overwhelming majority of the house Japanese exclusion provision.

Whatever the result would have been without the incident of the ambassador's letter, that communication served to change the votes of a number of administration leaders, including Senator Lodge, Massachusetts, chairman of the foreign relations committee.

The Republican leader informed the senate in open session that he regarded the Hanthorn letter as a "veiled threat" and declared that in the face of that threat he could not support the immigration committee's proposal to recognize by law the "gentlemen's agreement."

One Voice Defends Action.

A number of other senators took the same view and only one voice, that of Senator Sterling, Republican, South Dakota, was raised in defense of the ambassador's action. Senator Cull, chairman of the immigration committee, joined Senator Sterling in the vote, but did not speak.

Sensors generally threw off the usual restraint in dealing with international questions. They were blunt and outspoken in their declarations that in view of the "grave consequences" warning in the ambassador's letter, there was nothing for them to do but to make it clear once and for all that immigration is a domestic question.

Independent power would have its sovereignty questioned.

While the debate proceeded, Secretary Hughes, who presented Mr. Hanthorn's letter to the house and senate immigration committees last week, twice conferred with President Coolidge. He declined to say what the nature of the conversations had been and no information was forthcoming from the White House.

MAN USES DYNAMITE TO COMMIT SUICIDE

Ties Three Sticks to Body and Sets Off Charge With Electric Battery

Hopewell, N. J., Apr. 14.—Police today arrested a man who was the plaintiff of the Atlas Powder company here, committed suicide by tying three sticks of dynamite to his belt and discharging them with an electric battery, yesterday, according to Foreman Vetter, who investigated.

Wright's body was found blown through the door of the garage where he worked. Foreman Vetter says the broken ends of the electric wires, which had been attached to three sticks of dynamite in his belt, were found dangling from the door.

Wright, 34, was found on the floor of the garage, his body blown through the door of the garage where he worked. Foreman Vetter says the broken ends of the electric wires, which had been attached to three sticks of dynamite in his belt, were found dangling from the door.

OVER 700 BILLS FACE GOVERNOR

Executive Has Until May 10 to Act Upon Measures Legislature Hurries Through

Albany, Apr. 14.—More than 700 bills, most of them passed within the last two days of the recent session of the legislature, are awaiting action by Governor Smith, and if they are to become laws, must be signed by him within 30 days from noon on April 10, when the legislature officially adjourned.

During the first three months of the legislative session this year, measures were sent to the governor for approval, and two of them he vetoed. The only important bills among the 80 were administration measures calling for 25 per cent reduction of the state tax on personal incomes, and creation of a bonus for soldiers and sailors who enlisted from New York state during the World War.

All other administration program measures of state-wide application or importance, and a mass of local bills, were held up until the final week of the session and rushed to the governor in one batch Tuesday. Of the bills now before the governor 44 are emergency bills, and 256 from the regular session.

GERMANS IN ACCORD ON REPLY TO REPARATIONS COMMISSION

Berlin, Apr. 14.—Complete accord between the central government and the provinces of the federated states on the subject of the German reply to the reparations commission's ultimatum that it was prepared to accept the 1,000,000,000 mark limit, was reached today, according to official reports.

The draft of the reply, which will be completed tomorrow, will set forth the government's acceptance of the report as a basis for negotiations as proposed by the reparations commission. This action, therefore, will be a political act, as it will be a compromise of the position of the government, which has already indicated its acceptance of the reparations commission's ultimatum.

THE DAY IN WASHINGTON

The supreme court held Nebraska's constitution and state laws would be upheld.

The senate finance committee voted to give the compensation bill priority over the tax reduction.

Attorney General Stone accepted an invitation to confer with the French investigating committee on special matters before the day.

Continuing force in the senate rejected their warlike war Secretary Mellon and the future of the general aviation program.

A batch of new bills introduced by William C. Clegg, Republican, Ohio, were introduced today.

The senate rejected the proposed amendment to the Federal Reserve Act.

CONTEMPT CHARGE AGAINST DAUGHERTY

Brother of Former Attorney General Will Be Called Before Senate Bar

Washington, Apr. 14.—Decision was reached by the senate committee investigating the department of justice at an executive session today to cite M. S. Daugherty, president of the Midland National bank of Washington court house, O., and brother of the former attorney general, before the bar of the senate on a charge of contempt.

The committee, which held no public hearing today, also conferred at length behind closed doors with Attorney General Stone regarding questions before it, members later expressing satisfaction with the interviews. Although the attorney general said he had nothing to communicate, upon leaving the meeting, senators declared there would be no difficulty in obtaining files and records of the department of justice bearing upon the investigation, and left the impression that Mr. Stone's attitude and conduct of the department might cut short their labor.

Resumes Public Hearings Today.

The contempt proceedings against M. S. Daugherty will be given to the senate as soon as it can be prepared, possibly tomorrow, and will declare that the Ohio banker has refused at the request of a senate subpoena both to testify himself and to permit the records of financial transactions involving H. M. Daugherty, the former attorney general, declared to be in his possession, to be inspected by the senate or its agents.

Meanwhile the committee will proceed with its inquiry by a resumption of its public hearings tomorrow when Chairman Proctor plans to seek more light on contracts between the Wright-Martin Aircraft corporation and the department of justice arising from "overpayments" on airplane contracts during the war.

About Three Score Rookies Seem Assured of Berths — Fourteen Clubs Bunch Attacks Against Champions

(By the Associated Press)

New York, Apr. 14.—The forces of major league baseball, goaded, and inflamed with the hope that springs eternal at the barrier, even among those clubs that must inevitably have their own level of season ticket depths—inaugurate their 1924 pennant campaign tomorrow.

Fandom east and west is keenly awaiting the opening show of play ball that will mark the close of the long "off season," the end of the spring training grind, and send the 16 American and National league outfits off on battle for supremacy that will not close until the last week in September.

Fair weather is promised for the inaugural games and indications point to record crowds of the faithful to compare season ratings of their favorites with actual performance. In fact, interest has been sharpened to an unusual degree, and observers predict a record attendance year, with accompanying prosperity, which will eclipse the high marks of last season that wound up with the first million-dollar world series in history.

Three Score Rookies Play Well.

Lineups, a vast majority of them showing decided shakeups since the last out was called in the 1923 races, have been picked for the initial skirmishes. The highly touted rookie products of spring training, nearly three score of whom apparently have earned regular berths, will be put to the field test for the first time under fan's appraising scrutiny. But for the most part veterans, seasoned by many a hard battle, will be back at their old posts, and to them tomorrow is just another campaign.

Leagues this year is clean cut—a combined attack by seven clubs in each circuit to dislodge the mighty New York Yankees and Giants pennant victors in their respective organizations for the past three years, who will seek to shatter national and American league precedents by capturing their fourth straight emblem of triumph.

5 ENLISTED MEN KILLED AS TRUCK LEAVES ROAD

Honolulu, Apr. 14.—Five enlisted men of the United States army detachment at Soledad barracks were killed and five others injured this afternoon when an army truck carrying 15 men overturned on the road between Soledad and San Francisco.

The dead are: Corporal Giles Parker; Privates Anthony L. Lums, Lawrence J. Lums, Harry Knies and Chester Wallace.

The accident, said to have been the worst in the history of the Hawaiian department, occurred at "hairpin turn," a particularly treacherous spot in the Soledad barracks road. Survivors said the road was wet and the truck skidded at the turn.

3 DEMOCRATS TO NATIONAL CONFAB NAMED

SMITH BOOM SEEN

"Atmosphere" About Capital Seems to Favor Governor—Women Seek to Take Part in the Naming of Delegates

Albany, Apr. 14.—Franklin D. Roosevelt of Hyde, Senator Royal S. Copeland of New York, and William H. Kelly of Syracuse were selected today as three of the delegates from New York state to the Democratic national convention, at a meeting of Democratic state leaders and Governor Smith. The fourth delegate remains to be selected, although there are indications that he may be Governor Smith, who, however, it is understood, is not seeking the position.

"Smith Atmosphere" at Ten Eyck.

Albany, Apr. 14.—A distinctly "Smith atmosphere" suffused the air around the Ten Eyck hotel here tonight, gathering place for the score of delegates who arrived to attend the Democratic state convention tomorrow. Although the name of Governor Smith is not prominently heard in the hotel lobby and on the streets, there is a general feeling that the convention tomorrow will be the launching place for a routing Smith boom.

Charles F. Murphy, "big chief" of New York state Democrats and Tammany hall, arrived in the city about 4 o'clock. He immediately went into conference with Democratic leaders from other parts of the state, and by the dinner hour was reported to be mulling over a possible slate of eight alternates officially to be named tomorrow for the national Democratic convention.

Women Seek to Name Delegates.

Albany, Apr. 14.—Women delegates here for the Democratic state convention tomorrow asked tonight in a resolution that they be allowed to confer with the recognized page leaders of the convention.

After a dinner attended by the women, a lengthy conference took place in the room of Mrs. Franklin D. Roosevelt, at the close of which the resolution was adopted.

Mrs. Robert Neill of Elmira, Mrs. Roosevelt, who is first vice chairman of the women's division of the Democratic state committee, and Mrs. Grosvenor Allen, associate chairman from Madison county, were named a committee to consult with the men and to name, after such consultation, the women who shall be regarded as the choice of the upstate Democratic women as delegates and alternates-at-large to the national Democratic convention. No slate was selected, although apparently authentic information regarding two slates was being circulated.

BONUS BILL WILL PRECEDE TAX ACT

Expected to Be Disposed of Early Next Week — Passage Freely Predicted

Washington, Apr. 14.—The bonus bill won the right of way over the tax measure in the senate today by vote of the finance committee and will be brought up for consideration before the end of the week.

Senator Jones, Democrat, New Mexico, joined Republicans in approving such a program, while other Democrats did not vote. Chairman Smoot said.

Senator Curtis, Kansas, a Republican member of the committee, will report the bill formally to the senate tomorrow and there were indications tonight that the legislative calendar would be cleared for it by Wednesday or Thursday.

Passage Freely Predicted.

Passage of the bonus bill has been freely predicted even by opponents, and Chairman Smoot expressed the opinion today that it would be disposed of by early next week. The revenue bill, he said, would be taken up immediately thereafter.

The main light on the bonus measure will be the proposal of Senator Simmons, North Carolina, ranking thirty member on the finance committee, to incorporate an action for full cash payments. The bill as agreed to by the finance committee is practically the same as approved by the house and its passage in this form would assure a speedy report from conference to the President.

TRIAL POSTPONED IN ROTHENBERG CASE

Mrs. Litt and Mrs. Rothenberg, Two Defendants, Ask Court to Name Counsel

Catskill, Apr. 14.—Judge Joseph Roach today set June 2 for the trial of Mrs. Esther Litt of Brooklyn, one of three defendants charged with the murder of seven-year-old Howard Rothenberg of Newark, N. J. When the case was moved for a trial today, Mrs. Litt and Mrs. Charles Rothenberg, who is also charged with the murder, informed the court they had no funds to procure counsel and attempted to be represented by their friends.

This third defendant, Bartlett Rothenberg of Winham, was not in the court. The court directed the defendants who are on bond of \$10,000 each, to be in court here on May 18 when a panel of trial-judges would be drawn to try the cases. The three have been granted separate trials.

Mrs. Litt will be tried first and Mrs. Rothenberg second, under present plans. The action of the two women in asking the court to assign counsel to defend them came as a surprise.

Judge Roach assigned William D. Cunningham of Catskill, a former judge in the county of claims, as counsel for Mrs. Litt, and Edward J. Throckmorton of Catskill as counsel for Mrs. Rothenberg. Both will continue to be represented by their friends.

When the preliminary hearing on the case, they found a dozen men fighting in a large, dark, decorated room the food playing badly, and several in the crowd were screaming at the top of their lungs.

The trial of the case was held in a room in the building.

BONUS COMMISSION TO MEET TO POLISH DISTRIBUTION PLAN

Albany, Apr. 14.—The time of when a distribution of the state bonus to veterans of the World War was set was probably decided at the federal government meeting of the day.

By that time preliminary details will have progressed to the point where the federal government will be in a position to make a final decision on the distribution of the bonus.

The federal government will be in a position to make a final decision on the distribution of the bonus.

CONSTRUCTION OF EIGHT FAST CRUISERS APPROVED

Washington, Apr. 14.—A bill authorizing the construction of eight fast cruisers was approved today by the House of Representatives.

The bill, which was introduced by Representative Clegg, Ohio, provides for the construction of eight fast cruisers, each of 1,000 tons, with a speed of 20 knots.

The bill also provides for the construction of eight fast cruisers, each of 1,000 tons, with a speed of 20 knots.

STUDENT KILLED AS PLANE CRASHES; GIRL BADLY HURT

Palmyra, N. Y., Apr. 14.—Homer E. Temple of Palmyra was killed and Miss Anna Louise Shaw of Ada, Okla., and A. E. Stuart, pilot, were seriously injured when an airplane in which they were riding crashed to earth near the Southern Methodist university here this evening. Temple and Miss Shaw were students at the university.

Temple was the son of E. A. Temple, president of the Dallas Trust and Savings bank.

The plane took off near the campus, but crashed, and after attempting a landing, it fell suddenly into a field near the university.

Physicians said Miss Shaw had a broken leg, but Temple was 17 years old and Miss Shaw was 18.

GIRL FATALLY BURNED WHEN OIL CAN EXPLODES

Albany, Apr. 14.—Glady Walsh, 14-year-old daughter of Mr. and Mrs. James Walsh, was burned to death at the junction on the Erie road, town of Newfane, yesterday when a can of kerosene exploded as she was attempting to start a fire in the kitchen.

The girl's father and mother rushed to her aid and attempted to smother the flames with rugs. Both were severely burned, the father on the face and hands and the mother on the hands.

CHANCE BOG; FIRE STILL

Ruffin, Apr. 14.—Responding to an alarm of a violent fire, a police patrol today chased the flames into a cellar on Syracuse street, where they found 20 stoves, 10 barrels of kerosene, and 10 gallons of new whiskey. The police wrecked the stoves, dumped the kerosene into the sewer, and arrested the owner of the place, which had disappeared in the flames without doing any damage.

TWO BURNED ALIVE

Niagara Falls, Apr. 14.—John Maurice Jones, 30-year-old, of Falls View, and John Edward White, 30-year-old, of Niagara, who were visiting at the Falls View hotel last night, died of burns sustained by a fire in the hotel.

The fire broke out in the hotel last night and the two men were found dead in the flames.

COOLIDGE THE WINNER.
The result of the Republican primaries in Michigan, Illinois and Nebraska last week definitely eliminated Senator Johnson of California from the contest for the presidency, and just as certainly it has determined that President Coolidge will be re-elected in the convention.

The convention will meet on June 18, 1934, and will be held in the city of Chicago. It is estimated that there will be 1,100 delegates in the convention, and 450 of them will be necessary for a choice. Already there are 510 pledged to him, and with New York and other strong Coolidge states still to meet in convention, it may be assumed that he will command fully 1,000 votes on the first ballot. Under such circumstances his nomination is likely without a second ballot to be made unanimous.

There being no question as to the presidential candidate, discussion naturally shifts to the vice president, and for this position there will doubtless be several names suggested. The matter, moreover, will have serious consideration for the reason that the experience of the last forty years shows the possibility of the vice president succeeding to the presidency. Fortunately the men who as vice presidents have succeeded to the presidency have in every instance proved well qualified for the office, but this does not make the necessity for careful selection less urgent.

From the political standpoint, the nomination of Coolidge, now certain, eliminates any vice presidential aspirant from New England or generally from the east, since good business would indicate one who would draw to the twelve some other section of the country, most probably the middle west. Instances of such choices are not far to seek: Hayes of Ohio having as running mate Wheeler of New York; Garfield of Ohio, Arthur of New York; Cleveland of New York, Hendricks of Indiana; Harrison of Indiana, Morton of New York; McKinley of Ohio, Hobart of New Jersey, and Roosevelt of New York, and so on through a list of the later number of which doubtless most readers can with little difficulty complete for themselves.

On the Democratic side of the question there is more of doubt regarding the presidential nomination. There are three candidates with considerable following—Smith, Underwood and McAdoo, but not one of them is likely to go into the convention with anything like votes enough to assure his election. There are several dark horses, modest amounts who might with little difficulty be induced to make the running.

CONCERNING THE CROW

The Audubon society of the United States, a national organization, interested as its name implies in the preservation of bird life in general in this country, strenuously objects to the "National Crow Shoot" which is alleged to be being instigated by the Sporting powder division of a large ammunition company, the anti-crow movement, which it asserts is mercenary in its nature, is backed by the assertion that the farmers would be greatly benefited if crows were exterminated, as they rob corn fields and destroy large number of insectivorous birds.

President Pearson of the National Audubon association, speaking for that body, admits that the crow is sometimes a robber, but affirms that if his case could be tried before a just court it would be clearly shown that his good qualities outweigh his bad. "The strongest argument in the bird's favor," he says, "is the crow's destruction of insects. Nearly a fifth of the adult crow's yearly sustenance comes from such sources, and a great part of the insect material is eaten in early spring, at a time when the life cycles of many destructive pests are at their lowest ebb. A little later nestling crows appear on the scene and assist in the work of destruction, eating a much larger proportion of insect food than do their parents. The attitude of the individual farmer should be one of tolerance, rather than of uncompromising antagonism to birds which at times are most valuable aids to man. Moreover it is very unwise to send men and boys armed with guns at a season of the year when practically all forms of bird life are protected, as it would cause disturbance to many valuable species when they are exercising their most important functions of breeding and nesting."

From the above it would appear that there is possibly more than one side to the question. Certainly farmers should not be restrained from the shooting of crows when they are active in the destruction of corn, but there may be a protective and commercial as well as a sentimental interest on the other hand.

Recent Real Estate Transfers.

George Muncheater has sold his two-family home on Miller street to Mrs. Bertha Wright of Laurens, who made the purchase as an investment. The home formerly owned by Clara and E. A. Cry at 26 Cedar street, has been sold by Alfred Smith to Mr. and Mrs. Vernon Palmer, who have purchased it for a home. Alfred Smith has sold his home at 21 Main street to David M. and Harriet Hight. Mr. Hight has sold his residence at 55 Franklin street to Edward C. Gorman. Mrs. Helen Palmer has sold her home at the upper corner to Mrs. Anna Johnson of Oneonta. All of the above sales were made through the Alfred Smith real estate agency.

A Little Trick.

The old world trick to many here is to get the world better in their own hands. Only by making it better can they hope to save it.

CLIPPED FROM EXCHANGES

Why worry over the Washington investigation, the presidential campaign, the rise or fall of prices, the European settlement, the threatening immigrant invasion? There are other issues which engross them.

Henceforth the eyes of the public will be glued upon the progress made by the hardy group of scientists who have sailed for the wide of Spain in pursuit of the pink headed duck. Now there is something worth while. This is no common, ordinary duck, no not even a tame duck. This bird breaks rocks with its bill, swims and looks like a bat, so it ought to shine either in the movies or in the pocket library. The flight, which is what it is called, is worth \$10,000 if one is found and it certainly ought to be all of that, especially when we are throwing away millions on other birds, which are not nearly as interesting and gifted. (Livingston Journal).

Clear Headings.
It is clear reading of pacifism by Americans who see it as a movement irreconcilable with true patriotism. Its latest manifestation is enlistment of adults and children against war by pledging not to serve the country should hostilities be opened. This is plainly an attempt to undermine the nation's resistance in advance. Since time immemorial patriotism has urged nationals to respond to call to the colors in time of war. When invading enemies are upon a nation the patriotic always rally to its defense. To pledge oneself against service to the country in time of need is to give comfort, in advance, to enemies that may come. Such a movement is revolting to true Americanism. (Washington Post).

Maintaining Its Reputation.
Reno maintains its reputation as a universal solvent for the bonds of matrimony. A man has just secured a divorce there because his wife would rather live in apartment houses than in the suburbs, and was too much interested in music. The obliging courts of Reno will dissolve any marriage at one party, asks it, and the other offers no serious objection, but Reno divorces are not good in all foreign countries, or all our own states. (Philadelphia Record).

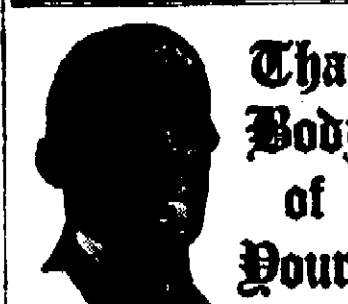

No Man's Land.
Announcement by the Canadian government that it makes no claim to ownership of Wrangell Island leaves that Arctic territory again a No Man's Land. Canadians raised the British flag there twice in recent years, but the wiping out of the last landing party makes it imperative that Canada send out a new expedition if its claim is to remain internationally valid. This the Dominion will not do. (Philadelphia Bulletin).

Negotiating More Treaties.
The United States government has entered into negotiations with Japan, Germany, Denmark, Norway, Sweden, Italy and the Netherlands for liquor treaties modeled on that concluded with Great Britain. In fact with Italy the matter is said to be well underway. (Pittsburgh Gazette Times).

New Hopes for Any Party.
Our great party's methods have been so successful in the past that circumstances over which we have no control, but our purposes are unchanged and we have convincing evidence that our slogan for this year is as follows: Boys, get the money, very quickly. (Ohio State Journal).

A New England Menu.
Sausages and maple syrup for White House breakfast. A truly New England menu? Was mince pie served? (Brooklyn Times).

A Tower of Babel.
What a Tower of Babel that third party platform will be if there is a plank for the views of each of its elements. (Saginaw News Courier).

That Body of Yours

By James W. Burke, M.D.

STIFF JOINTS

I am sometimes asked if rubbing on liniments or applying wintergreen oil or liniments, is good treatment for rheumatism. I believe that the old cases of joint trouble which is popularly called rheumatism, liniments often ease the pain and are therefore of help. But the trouble is that you often are satisfied just to rub on something to relieve the pain, and don't look for the cause of the trouble.

This pain or inflammation in the joints has always a cause, and the sensible thing to do is to look for it. It is sometimes a long search. Teeth, tonsils, intestine, eating too much meat without exercise, anything that makes the blood impure and allows it to carry material to the joints and injure the lining. And so your first idea should be to locate the cause, and stop the manufacture of these products. This does not fix up the stiff joint immediately, because often considerable damage has already been done to the joint.

Many of the returned soldiers brought back stiffened joints due to infection from teeth, tonsils, and other parts of the body, where the exposure of the disease and cold gave these products a chance to get in their deadly work about the joints. Accordingly every hospital was equipped with baking ovens and heat devices of all kinds, and the stiffened joint was baked for twenty minutes to half an hour at a time. While still hot, massage and manipulation was given, and a real loosening up of the joint was obtained by these patient efforts. And so if you have had an attack of rheumatism that has left you with stiff joints, don't accept the condition and be satisfied. Get busy with the heat and massage.

Remember, however, that if you have repeated attacks try and find out what is causing them. The heat and massage is to prevent stiffness, not to remove the cause.

TWENTY AND THIRTY YEARS AGO

Days of Old Reminded by Items Clipped From The Star Files.

April 15, 1904.

The first issues of the Binghamton Press, the new afternoon daily newspaper of which Jonas M. and Willis Sharpe Kilmer, the millionaire patent medicine men are proprietors, have been received.

The Lewis Chemical company has elected the following officers: Foreman, Thomas Glenn; first assistant, Fred Busfield; second assistant, Arthur Dunn; secretary, A. E. Evans; treasurer, Samuel Sommers.

Forty-seven years ago yesterday snow fell to the depth of four feet in Oneonta and surrounding sections. Martin VanLeuvan, the veteran stage driver, was then driving stage on the Oneonta-Deposit line and he says the roads were so badly blocked that it took him nine hours with four horses to make the run from Oneonta to Oneonta. The snow remained on the ground but a few days and on April 21 another storm of equal proportions.

The Clonlonia society of the Normal school gave a doll show and candy sale in the Wilber block Saturday. The dolls, real live ones, with eyes filled with talk, were impersonated by the Misses Ethel Rowe, Jane Tucker, Susan Harrison, Hunt, Irene Ireland, Edna Hotelling, Edith Becker, Maude Wickham, Gertrude Ives, Mary Pardee, Ethel Hulke, Frances Spogner and Erma Saxton. The doll show was in charge of Luzerne Crandall and Mr. Waterman. The entertainment opened with a cake walk nicely given by Collis and Florence Washburn.

April 15, 1904.

The order heretofore known as the Christian Science organization has been changed to a church and is now known as the First Church of Christ, Scientist.

The Wilson house is soon to change hands, the present proprietor, C. M. Hickey, retiring April 22. J. C. Gannett of Mohawk has leased the hotel and will at that time take possession. Between 100 and 200 men are now engaged in cleaning up the debris at the Normal, preparatory to rebuilding. The broken brick and rubbish is being used to fill in the road on Normal avenue.

The Clonlonia society at the Normal school has elected the following officers: President, Miss Vivian Herington; vice president, Miss Harriet Mallory; secretary, Miss Helen Chapman; teller, Miss Grace Woodin.

DELAWARE COUNTY COURT

Convenes at Delhi Monday—Boys Guilty of Rape Given Suspended Sentences With Six Months Probation Conditions.

Delhi, Apr. 14. — The April term of county court of Delaware county was convened at 2 o'clock Monday afternoon, Judge Andrew J. McNaught presiding. The call of the jurors showed most of them present. No case being ready for trial, the jury was excused until 9:30 o'clock tomorrow, when the Tapie vs. Hoyer and Archer case, an Anders matter involving conversion, will proceed to trial. The cable will contest a Walton case involving an estate of \$15,000, has been set down for April 30, when the jury will return to hear it.

During the day Isaac Ribenbart of Harpersfield pleaded guilty to rape in the second degree and was sentenced to the Elmira reformatory under the terms of that institution. Execution of sentence was suspended and the defendant placed on probation. Irving McWhorter of Franklin also pleaded guilty to second degree rape and received a like sentence. The conditions of the probation of these boys are very similar. McWhorter's probation is for two years, and he is to be supervised by the sheriff. Ribenbart's probation is for two years, and he is to be supervised by the sheriff.

Bornha Mace O'Neal of Delhi and Elizabeth Miller Snyder of Corbett, two wayward girls, were committed to the training school at Hudson. The Miller girl, lying about her age, was married to George Snyder at Delhi last fall, having obtained a license at Franklin. Both of these girls are under 16 years of age.

Fruit Juices practically infallible in Correcting Certain Diseases

After eating fruit and enjoying the delicious flavor of fruits from all over the world, we are just beginning to realize the enormous influence which fruit juices have on our health.

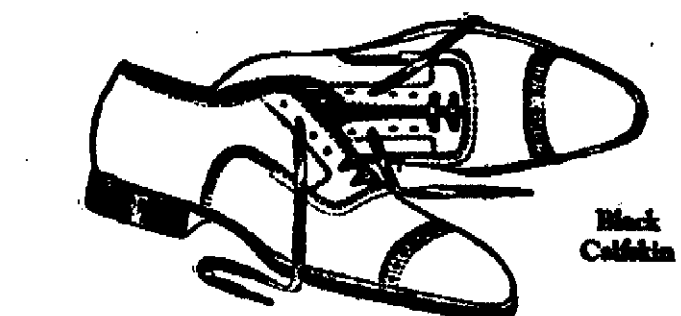

Fruit juices are Nature's medicine; and we now know that fruit juices in certain forms, are infallible in correcting many of the more common diseases.

For instance, we know that certain fruit juices, when concentrated and intensified, act directly on the liver, increasing the flow of bile and also strengthening the muscles controlling the bowels, thus overcoming Constipation—one of the commonest ailments of today and the one which is the cause of so many much more serious complaints.

That these statements are based on known facts, is proved by those

who have bought and used them. I am not troubled any more with my bowels and no more pills. "Fruit-a-tive" did for me what no other medicine ever did, and now I do not have to use physics at all.

This letter is certainly convincing proof. "Fruit-a-tive" are sold by all dealers at 25c and 50c a box—sent postpaid by Fruit-a-tive Limited, Oneonta, N. Y.

Many men prefer the new lighter-weight shoes

THIS dressy, smooth-fitting oxford is in favor this spring. The liking for heavy brogues has not died down—not by any means; but there are many who prefer the luxury of shoes that feel light. There's an improved snug heel-fit in this model which completely eliminates slipping.

LOCAL MATTERS

—Representatives of the Binghamton State Training school are coming to the city for observations for that institution, and are meeting with some success.

—The hearing in the case of Police Sergeant Edward Odell, against whom charges have been preferred by Commissioner Patterson, has been adjourned until Tuesday, April 15.

—The street department has commenced work upon the dirt streets of the city, hauling and rolling them, putting them in condition for the spring that is to follow upon many of them at least.

—Work has been commenced on the overhead crossing of the D. & H. tracks a short distance east of East Worcester. This has been a dangerous crossing and its elimination as one at grade will be a notable improvement.

—A grass fire on the hill back of 15 West street sent the combination fire truck to the spot on a still alarm at about 12:50 o'clock yesterday afternoon. Through the efforts of the firemen and volunteer workers the fire was soon extinguished.

—The attention of readers is called to the fact that today is the last day for forwarding state income tax returns. Auditor H. V. Farrell is still at the Chamber of Commerce rooms and until five o'clock this afternoon will be able to give assistance to income tax payers.

—As noted in The Star by many the Liggett soda fountain has at last opened and is the main street dispenser of Oneonta Purdy ice cream. Although the manager of the fountain is very much handicapped for the lack of stools and tables still there is quality and service galore.

—Leon Hulbert of Otego has been enlisted by Recruiting Sergeant Harry Diener for the 7th field artillery, stationed at Madison barracks on Lake Ontario. He will have an opportunity to learn horsemanship, gun mechanics and veterinary work. The enlistment is for one year.

—In the list of members of the Democratic county committee to draft resolutions endorsing the presidential candidacy of Governor Alfred E. Smith, published in The Star of Monday, the name of Thomas P. Seaton of Richfield Springs should have appeared instead of that of C. G. Tennant of Cooperstown.

—Improvements are being made to the men's locker room at the Country club which, when completed, will give them a convenient and attractive smoking room for playing the nineteenth hole. Other betterments are under way, including rewiring the buildings and a general betterment preparatory to the opening for the summer season. The upper course is being rolled and while temporary grounds are being used it is in the condition for play and several members were at play yesterday.

Meetings Today

St. James' guild will hold a joint meeting with the Woman's auxiliary in the parish house at 2:30 today. A good attendance is desired as there is plenty of work to be done for the Easter sale.

JUNIOR CLOTHING FINANCY

Miss Day Admitted Local Workers at
Final Meeting.

Miss Ota Day, Junior Extension specialist of Cornell, had charge of the third and last meeting of the year of the local leaders for the Junior Extension clothing project, held yesterday afternoon at the Y. M. C. A. There was an exhibit of very attractive garments made by girls from 10 to 15 years of age.

The told in an enthusiastic manner of two things which mark the culmination of the year's work; first, the Junior Field Days at Cornell the last week in June, where there is a special program for the boys and girls, including instruction and recreation; and second, the exhibit and team competition work at county and state fair exhibits.

She emphasized the economic problems of girls' clothing and discussed the girl's clothing budget the comparison of the home-made garment and the ready-made garment, the selection of material and design and the importance of color that suits the individual needs. The clothing problem is not so much a question of money as it is that of the proper selection and combination of materials.

The subject of the score card was taken up in some detail as practically all of the girls have finished their projects, the principal feature of which is the making of a one-piece wash dress.

MASONIC VISITATION.

District Officer Officially Received by
Oneonta Chapter.

A large attendance of Royal Arch Masons enjoyed the official visit of Frederick Bronner of Richfield Springs, assistant grand lecturer of this chapter, district, to Oneonta chapter last evening. The visitor was welcomed and presented to the brethren by the high priest, Frederick P. Wilson, and gave an interesting address on timely Masonic topics. He announced that the district convention, R. A. M., would be held in Cooperstown on May 27, and gave the schedule for the exemplification of the various degrees.

The degrees of past master and most excellent master were conferred in a most pleasing and impressive manner, several past high priests assisting in the latter degree. At the request of Hillington chapter of Morris the class for the Most Excellent degree included a few of its candidates.

Good delegations from Richfield Springs, Hillington and Otego chapters and smaller numbers from other chapters were visitors.

The convocation was preceded by a delicious dinner served by the ladies of the Eastern Star.

Mr. Holley has no definite plans as yet but expects to take a short vacation before entering into another line of work. His many friends will regret to see him go but will wish him abundant success in whatever line he engages.

Mr. Lambert, who was one of the original incorporators of the firm, is the proprietor of a large clothing store in Cobleskill.

DAILY RELIGIOUS WORK

Matter of Week-Day Religious Instruction Discussed.

The prime subject of discussion at the meeting of the Oneonta Ministerial association, held at the Y. M. C. A. yesterday morning, was week-day religious instruction. While no definite action was taken a special meeting to consider the subject was called for next Monday morning at 10:30 o'clock at St. James' Parish house.

A union Memorial Day service will be held at the Main Street Baptist church at 7:30 o'clock on the evening of May 25. Rev Dr. Pendleton will have charge of the meeting.

On the evening of June 1 a union service under the auspices of the Lord's Day alliance will be held at the First Presbyterian church.

STOLE TWO CARS

Albany and Troy Boys Ride Wild
Through Schoharie County
With Throwing
Revolvers

GUN BELIEVED UNLOADED

Two Young, 16 and 17, Years of Age, Residents of Troy and Albany, Sent to Schoharie Jail—Late Last Night at Cobleskill and Near Through Sharon Springs, Ames and Canajoharie, Terrifying Commotion.

Edward H. Westfall, 16, of 14 1/2 galle avenue, Troy, and Howard Deane, 17, of 156 Broadway, Albany, who gave his age as 17 but who is believed to be over twenty-one, are being held in the Schoharie jail to await the next grand jury on a charge of grand larceny in the first degree following their arrest after a spectacular pursuit from Cobleskill, Sharon Springs, Ames and Canajoharie on Saturday last. Certainly no more spectacular chase has been seen for some time upstate, and the quiet communities involved are still recovering from the surprise caused by the two youngsters.

The boys admit having stolen a Moon coupe from near the Schoharie railroad station Friday evening, and having stolen the Durant touring car belonging to Edwin H. Osborne and Sidney Cole from the garage of the home of the two men early Saturday morning. The Moon car was abandoned after having been moored in mud near the home of Osborne and Cole in the village of Cobleskill.

The boys were taken into custody about a mile and a half below Sprakers on the Mohawk river following a pursuit of the most exciting type. Only after Westfall had failed in an attempt to swim the Mohawk river, by an officer of the Canajoharie police department and by Milton Whitbeck of Cobleskill, one of those who started in pursuit from that village as soon as a posse could be assembled.

The Road That Had No Turning.

In spite of the saying that it is a long road that has no turning, one in direct contradiction to that saying proved the undoing of the two boys. They had made a good thing of it. They had made a good thing of it. They had made a good thing of it. They had made a good thing of it.

They were strangers on the roads of the section and after driving through Canajoharie took a dirt road toward Sprakers. Anxious to return to the state highways, the boys took another turn and found themselves at the end of a short road that had its ending in a lone farmhouse.

It was here that they were forced to resort to their legs as means of escape, which fact in turn contributed largely to their capture.

Stole Moon Car in Schoharie.

According to the stories of the boys, which were largely borne out by the evidence in the matter, as told before Attorney Leland C. Jones of Cobleskill at a preliminary hearing, they secured the Moon coupe from near the Schoharie station Friday evening, and drove to Canajoharie, intending to come on to Oneonta and thence to Kingston and then to New York city.

Deemoreau is understood to have been out under a reformatory parole and he is thought to have been leader in the wild plan. Westfall appeared to be of a different character, and it is thought that poor companionship was the cause of his being implicated.

His parents were visitors to Cobleskill yesterday, coming there after an extended search for their son which began Friday night when he did not return from school. They were directed to Cobleskill from Canajoharie, where they went from Gloversville and other cities near Albany in their quest.

It was not until they inquired in Cobleskill that they knew of the plight of their son, and were nearly overcome by the news that he was in the Schoharie jail.

Bought Gasoline in Cobleskill.

The two boys were having trouble with their car when they reached Cobleskill, and they stopped there, buying a supply of gasoline from Officer William Brown of the police force who had no reason for suspecting them of any crime. They spent some time at a dance which was being held in that village, both being fond of the recreation, and it was after 3 o'clock Saturday morning when the lads set out from Cobleskill.

In connection with the dance at Cobleskill, it is interesting and significant that the boys said that they first met at a dance and it was there that their friendship started.

The boys started out of Cobleskill by way of Elm street, but they missed their first stolen car near the home occupied by Mr. and Mrs. E. E. Osborne and Mr. and Mrs. Sidney Cole. The car was found near the home of the boys.

It was then that they decided to take another car to continue their

MODERN MUSIC PERMANENT

Vincent Lopez Will Remount His
Applaud at Legation Dance.

"Modern music" is what Vincent Lopez calls what is popularly known as "jazz" and it is due largely to his interpretations that this type of music has gained its wide vogue, in Europe as well as in this country. He believes it to be the real American folk music and it is now at work upon an authoritative book dealing exhaustively with the new music and with the art of the popular orchestra.

"Just as we have borrowed the folk songs of other lands," says the noted director, "so all the world now borrows our folk music and dances to it delightedly, but until we had this modern music you never heard an American tune abroad. The proof that it is new and native is proven by the fact that it pleases European ears, so long accustomed to the classical melodies of the great masters. We certainly could not interest them in the grand manner but we are sending them living, vital, joyous tunes, pulsing with the pulse of life itself. Our modern music sets the world to dancing so much so that London and Paris's dance had over its appeal. Modern music has come to stay."

Vincent Lopez and his world famous Hotel Pennsylvania orchestra will appear at the state assembly the evening of April 22 at the annual spring dance of the American Legion. The most successful dance ever held in this or adjoining counties is anticipated.

RIFLE CLUB DISCUSSED

Meeting Called for Organization of
Such a Body.

A group of local rifle and revolver enthusiasts, headed by George Robinson of 1 Franklin street, is endeavoring to create interest in the organization of a rifle club in Oneonta and has called a meeting of all interested in Municipal hall for the evening of April 22 to discuss the matter.

The plan is to have an organization which will not only be of benefit to members in instructing them in the proper use of rifle and pistol but will be a pleasant source of entertainment. It is hoped to have a competent instructor and to have both indoor and outdoor ranges.

The club would own its own rifles and the plan is to associate with the National Rifle association so that ammunition will be furnished by the government and official matches can be held.

Ford and Gardner in Smashup.

A Ford sedan driven by Raymond Crandall, of Sidney, and a Gardner touring car driven by a Mr. Cause came together at the corner of Center street and Ford avenue yesterday morning with disastrous results to both machines. Crandall was coming down Ford avenue and Cause was going over Center and the cars met at the corner. The Gardner careened into a hydrant after hitting the Ford. No one was hurt.

WALTER S. CAMPBELL DEAD

Member of Prominent Cherry Valley Family and Employee of Bank of America.

Franklin, Apr. 14. — Walter S. Campbell died at the home of his brother, Franklin G. Campbell, Oakwood, Cherry Valley, early Sunday morning, April 14th, after an illness of several years. Mr. Campbell was one of a family of seven children born to Hon. Samuel Campbell and Jernitha Meeks Campbell, and a direct descendant of the Campbell family of Revolutionary fame. Mr. Campbell spent a greater part of his early life in Cherry Valley and after completing his education at Princeton college he traveled considerably thereby gaining a knowledge of men and affairs that was of much benefit to him in later years. In April, 1889, he was married to Mrs. Grace Alcott. Soon after their marriage they went to New York city to reside where Mr. Campbell had obtained a responsible position in the Bank of America, which position he held up until the time of his death. Mrs. Campbell died about six years ago.

About four years ago Mr. Campbell was granted a leave of absence from the Bank of America on account of failing health and returned to Cherry Valley, but instead of his health gaining he gradually grew worse until the end. Mr. Campbell was a man of sterling character, loyal to his friends and generous to mankind. His friends were legion. His enemies few. He was in his seventy third year at the time of his death. He is survived by two brothers, Franklin G. Campbell of Cherry Valley, and Howard Campbell of Greater New York. Funeral services will be held at the Presbyterian church parlor Tuesday afternoon, at 1:45 o'clock.

Frank Campbell Breaks Wrist

Frank Campbell of 69 Spruce street had the misfortune to break his wrist at about 6 o'clock last evening. He was taken to the Fox Memorial hospital where he was given every attention, and was resting easily last evening.

Mr. Campbell was cranking his automobile when it backed, thus suffering the injury.

FUNERAL OF MRS. EMMA HAGUE

Services for Esteemed Woman Held Sunday Afternoon.

The funeral of the late Mrs. Emma Hague was held Sunday afternoon at 2 o'clock from the home of her daughter, Mrs. L. H. Murdoch, 194 Main street, and was largely attended by relatives and friends. Rev. John W. Flynn of the First Methodist church officiated.

There was a great profusion of flowers, including pieces from the employees of the Union Forging works at Union, the employees of the D. & H. yards here and Royal Rehekah lodge. Interment was made at the Plains cemetery, the bearers being Albert H. Murdoch, Fred A. Murdoch, William H. Storer, Louis Tompkins, George Gregory and Allen Burdett.

Easter Exhibit.

The River Street Greenhouse held the only scheduled exhibit of Easter flowers on Sunday, the 14th. The years of training of J. J. Desoyer added much to the worth of the exhibit. All kinds of Easter flowers both potted and cut flowers held the onlookers some over two hundred in number spellbound during the day.

Many encouraging statements were heard by many on the way out. The exhibit was very satisfactory to all.

Undergoes Mastoid Operation.

Marjorie, the little daughter of Mr. and Mrs. W. H. Griswold of Schenectady, underwent a very serious operation on Saturday at the Fox Memorial hospital. The operation was performed by Dr. McMenamin of Oneonta and Dr. Winsor of Schenectady. Her condition yesterday was reported as favorable.

Mrs. W. H. Lare and son, Fred, of this city, left yesterday for Livingston Manor, where they were called by tidings of the death of the wife of Rev. Fred Lare, whose funeral will be held today. W. H. Lare, who is a brother-in-law of the deceased, was unable to attend on account of illness from which for the past two weeks he has suffered.

Mr. and Mrs. Oscar Quackenbush of Edinboro and Mr. and Mrs. Theodore Lull of Syracuse are guests of the former's parents, Mr. and Mrs. M. H. Quackenbush. Mr. Lull came also to call upon Homer G. Ford, who is convalescing from his recent injury at the Fox Memorial hospital. Mrs. Lull will remain for a longer visit, but the others are expecting to leave for home today.

Mr. and Mrs. William R. Saxton, who on November 20 departed for the Pacific coast, where they spent the winter, arrived yesterday at their home, 25 Elm street, this city. The earlier part of their sojourn was with their daughter, Mrs. Guy E. Fisher, at Portland, Oregon, where and at Seattle they remained for about two months. Later they were in Los Angeles, where they visited a sister-in-law, Mrs. Seth Saxton, and other relatives and friends in city and vicinity.

The mother and father of the deceased, and both returned in the best of health.

MARRIAGES

Pineau-Stratton.

Albert E. Pineau of Highland Park, Mich., and Mrs. Eva Benjamin of 75 Elm street, this city, were quietly united in marriage last evening at 1:30 o'clock by Rev. C. F. Pendleton at the parsonage of the Main street Baptist church.

Mr. and Mrs. Pineau left immediately after the service for Highland Park which is to be their future home. They were attended at the service by Mr. and Mrs. Samuel P. Smith of this city. Mrs. Pineau has a host of friends in this city who will wish for her all happiness in her new home.

Mr. Pineau is employed in the Detroit railroad terminal.

Death of Infant—Funeral Wednesday.

Bessie Irene, infant daughter of Mr. and Mrs. Walter Oliver of 11 Rose avenue, died at 4 o'clock Monday morning. The little one was but three weeks old, and had been frail from birth. The funeral services will be held at 2 o'clock on Wednesday at the house, Rev. L. C. Denney will officiate and burial will be at the Plains.

The child is survived besides her parents by three brothers, Henry, Walter and Arthur Leon, and three sisters, Sarah Rosetta and Betty, the latter a twin sister of the deceased. Many friends will sympathize with the family in its bereavement.

\$200,000 for Keuka College.

Dr. A. H. Norton of Keuka college, representatives of which have issued appeals for that institution in all the leading Baptist churches of this section, has received word that a gift of \$200,000 for the college has been made by the estate of John Rogers Hageman of New York city. The money will be used for the erection of a new dormitory just east of the present Hall Memorial hall, which will contain offices, classrooms, auditorium, fine modern gymnasium with swimming pool and laboratory for chemistry and biology.

Frank Persons Critically Ill.

Many friends of Frank Persons of 5 Rose avenue will regret to learn that he suffered a shock a little after midnight on Sunday morning, making it necessary on Monday to remove him to the Fox Memorial hospital for treatment. He has been unconscious from the first and his condition is very critical. Mr. Persons had suffered a slight shock about two months before.

The swelling until the swollen veins are reduced to normal. It is guaranteed and is so powerful that it also reduces enlarged glands, gonorrhea and wens. Advt.

Good Kelllogg's Bran 2 months—constipation gone after suffering 3 years

Three years of suffering with constipation. What happened was this: when Kelllogg's Bran, cooked and branched, restored his health. But read his letter.

"Dear Sir:—This is what I think of your branched bran. I would not be without it for anything in the world. For three years I was all kinds of medicine for constipation and only got temporary relief. I was advised by a doctor to use Kelllogg's Bran, and since I began using it I don't have to take pills or anything else. I have used it two months and my constipation has left me. I feel better now than I have for three years."

(The original of this letter is on file at the Kelllogg Company, Battle Creek, Mich.)

Kelllogg's Bran brings results because it is ALL bran. You can't fight constipation with halfway measures—with bran which is only part bran. It takes ALL bran to be 100 per cent effective.

Because Kelllogg's Bran is ALL bran, it keeps things moving in the intestine. It acts naturally—just as nature acts. It stimulates the intestine and makes it function regularly. It is guaranteed to bring results, or your money will be refunded.

Kelllogg's Bran has a delicious nut-like flavor. Quite different from ordinary, unpalatable bran. You will like it as a cereal, sprinkled on other cereals, cooked with hot cream, or in the recipe given on every package.

Eat two tablespoonsful of Kelllogg's Bran every day—in cereal case, with every meal. Made in Battle Creek, Sold by all grocers.

TWO CAR

(Continued from Page 1)

trip, and entrance was gained to the Osborne garage by forcing the door through which the lock on the door was fastened.

Take Their Second Car.

Members of the Osborne and Cole families were awakened at about 1:40 o'clock Saturday morning, and Mr. Osborne tried to frighten away the intruders by calling to them from the upstairs window of his home. Failing in this he and two other members of the family went to the front porch of the house, hoping that the thief would not dare to drive the car past them. It was then that the other of the boys brandished a revolver in the face of the family and ordered them inside with the words "Get back into the house or I'll blow your heads off."

Needless to say the members of the family disappeared, only to spread the alarm. However the boys left their home property, which has been identified as the property of A. A. Wickham, an insurance broker of 4 South Pearl avenue, Albany, residing at 192 Myrtle avenue, and speeding away in the Durant touring car which belonged to Mr. Osborne and Mr. Cole.

Vicinity Watches All Night.

All vicinity villages and cities were notified of the happening and men were stationed in nearly every community to apprehend the fellows.

In their ride to Sharon Springs the boys again stuck their car in the mud, and were marooned near the Osborne farm until nearly 8 o'clock Saturday morning, when they were pulled out by one of the trucks of the Cherry Valley trucking company, the driver which had not heard of the Cobleskill incident.

Revealed Again Driven Back Captives.

Flourishing again the revolver, which the boys saw was found in the Moon car which they first stole, and which they state was at no time loaded.

Joint-Ease for Creaky Joints

Just rub on the new application called Joint-Ease if you want to know what real joint comfort is. It's for stiff, swollen, or pain-tortured joints whether caused by rheumatism or not. A few seconds' rubbing and it soaks right in through skin and flesh right down to ligament and bone. It kills up the joints, reduces the inflammation and reduces the swelling. Joint-Ease is the one remedy for all joint troubles and Brinkman & Shipley and other live druggists are dispensing it daily—a tube for 30 cents.

and which other evidence tends to corroborate, the boys forced their way through a gathering of citizens at Sharon Springs, among whom was Deputy Sheriff Fred Mandy. Anne and Camille were treated in like manner by the bandits, and they were well on their way.

It was beyond Camille's belief that the boys forced the "road" that had an end and were forced to see on foot.

Attempts to Subdue Mischief.

Westfall, finding himself at the bank of the Mohawk river, and with little chance of escape, removed his coat and shoes, and holding them in his teeth, attempted to swim the river with the aid of a log which he found.

The river is only about 400 feet wide at the point of his effort, still the water was icy cold, and the current especially swift.

He abandoned this attempt, and in company with Desmarreaux, was apparently retracing his steps when observed by Milton Whitbeck, a member of the posse composed also of Officer Brown, Edwin Osborne, gunner of the Durant car, and Harley Holman of Cobleskill. Whitbeck's companion, a member of the Cobleskill police force, being at some distance, the former covered the pair with a shotgun and the wild rampage was over, at about noon on Saturday.

Two more docile boys were never lead back to Cobleskill.

According to the story told to Attorney Jones, the boys were going to New York city to find work, and took the car since they did not have the necessary money for car fare and living expenses.

Just what will happen to the boys is a matter of conjecture, still it is considered that Desmarreaux will receive more severe treatment than Westfall who had enjoyed a clean record.

A Good Example.

President Coolidge's sons have applied for enrollment in the citizens' military training camp this summer. It will be the second year for the elder of the two boys, while the younger will get his first instruction in military subjects. What the Coolidge boys are doing should prove an object lesson for our other young men. None of them can employ a part of his summer vacation more profitably than by taking a course at the camps. Physically, mentally and morally he will derive advantages not to be found elsewhere.—Beaver Times.

No 100-Year-Old Ford.

Granting Mr. Ford a miracle man, granting his efficiency, his philanthropy, his willingness to do better than his promise, the fact is that he will not live to be 100 years old. What his heirs or successors might do with Muscle Shoals is a conjecture. There is no guarantee. And congress should not give away to the unknown heirs of Henry Ford, without chance of recapture for a century, one of the richest properties in the United States.—New York World.

WOMEN OF MIDDLE AGE

Read How Mrs. Walsh Was Helped by Taking Lydia E. Pinkham's Vegetable Compound

Manning, West Virginia.—"I took the Vegetable Compound when I was 40 years old. I had been sick for some years. I would get a little better, then I would get worse again. It would be hard for me to describe how I was, for I was a perfect wreck. I suffered with a pain in my left side, then I would have much pain in my back and I would think I couldn't live. I would have lost weight, then I would have gained weight. I was so weak I would think I couldn't ever get a good night's sleep. My work was a burden to me. I was not able to do my housework half of the time. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and it has given me strength and health. The hot flashes left me and I got better of the same pain. That summer I could do my housework and worked in the garden a good bit. I tell all sick women what your wonderful medicine did for me, and will always recommend it. I was born in Marion County and still live in it. I am known to all my neighbors, and you can publish this statement because it is true."

—Mrs. JOHN W. WALSH, R. No. 1, Box 35, Manning, West Virginia.

I would have lost weight, then I would have gained weight. I was so weak I would think I couldn't ever get a good night's sleep. My work was a burden to me. I was not able to do my housework half of the time. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and it has given me strength and health. The hot flashes left me and I got better of the same pain. That summer I could do my housework and worked in the garden a good bit. I tell all sick women what your wonderful medicine did for me, and will always recommend it. I was born in Marion County and still live in it. I am known to all my neighbors, and you can publish this statement because it is true."

PUROL CURVE OF PERFORMANCE IN YOUR MOTOR

NOW—save 30% on gasoline!

Gas with tremendous pick-up and power

Here is gasoline that gives efficiency at all points of performance-curve.
No premium in cost. Saves money. Cuts upkeep

[Information Given on Highest Engineering Authority]

KNOW THESE FACTS ABOUT YOUR MOTOR FUEL

Any gasoline will run your motor—after a fashion. But for the pick-up, the acceleration power that takes you away with a roar—for the steady, driving power that carries you up a hill or through bad going—for the economy of real mileage-per-gallon . . .

Here is gasoline that will give you new motor performance.

And at a yearly saving of 30% on your gasoline costs!

These facts have been proved by two years of research work and record-keeping, under our engineers.

Note the performance-curve

Gasoline is made up of combustible units. Each gallon or quart or drop of it.

The first 10% range of these combustible units is what gives you quick starting.

Then comes the all-important "20% range," as engineers call it. For in this range—up to the 20% mark in your gasoline—you get vigorous, instantly responsive acceleration.

Above that comes the range of combustible units that give you heavy-duty power.

Now look at the performance-curve of PUROL Gasoline—charted from its actual performance in hundreds of motors, in every kind of car.

What engineers have done for you

That curve shows how Purol Combustible Units coincide with the points of highest efficiency on the ideal motor-performance curve.

Today "P.C.U." (Purol Combustible Units) are a standard by which gasoline may be measured—just as "B.T.U." (British Thermal Units) are a standard measurement of heat values.

Our engineers have spent years in perfecting these specifications of PUROL Gasoline. Now, for the past two years, they have kept careful records of what PUROL Gasoline does—under actual running conditions in a score of different cars.

30% savings possible

The average car consumes 500 gallons of gasoline a year. Over this period of two years, the cost-records for 38 different cars show:

1. That PUROL gives 3.3% greater mileage.
2. That PUROL burns cleanly—is practically all turned into power—and does not drip down into the crank-case. By actual tests and analyses of crank-case oils this PUROL saving is shown to be 14.2% of gasoline, in a year.

3. That the saving from this cause amounts to \$2.95 a year in lubricating oil cost. (Motor oil diluted by unburned gas drippage must be replaced—because, so thinned-down, it loses efficiency.)

4. That the saving in general repair costs, by the increased efficiency of lubricating oil, amounts to \$10.33 a year.

On the first two, actual gasoline savings—87% gallons at 20c a gallon—the total is \$17.50 a year.

The four savings totaled shows a yearly saving of \$30.81—30% of the annual cost for gasoline in the average motor car!

Always uniform

This substantial economy is possible only because PUROL gasoline is "built" to give efficiency in your motor. Because it is "built" rigidly to the specifications which give that performance-curve shown above.

We are independents in the bitterly competitive oil business. We had to produce quality products to succeed. We have to go right on producing quality products to hold our success.

But fortunately we own our own wells and refineries. We can and do absolutely control all Pure Oil products. We "build" them all to the high standards of quality which have won success for us.

To do it we maintain the strictest refining specifications.

The 5 or 10 gallons of PUROL Gasoline you buy today will perform to the curve charted above—in actual operation of your motor.

A year from today, filling of your tank will give the same performance—will coincide with the curve shown today.

The same gasoline and upkeep savings made possible by PUROL gasoline today will be possible one, two, five years from today.

Because PUROL Gasoline is, and will always be kept uniform—here in your home city, or wherever you happen to buy it.

Make a test today

Fill your tank with PUROL today. If possible drain it clean of the gas you are now using.

Drive for a day or for an hour on PUROL. You will not fail to know that you have tremendous new pick-up and power at your command.

For your convenience we show a list of Pure Oil Service Stations and dealers—where you can get PUROL Gasoline today.
